Dr Franklins Island Readers Circle

Dr. Franklin's Island is a story based on the H.G. Wells' sci-fi classic The Island of Doctor Moreau. I haven't read it yet so I can't make a fair comparison, but I do know it's about some crazy scientist who is working on combining new animal-human hybrids.

Detailed plot synopsis reviews of Dr. Franklin's Island Semirah Garson and fifty other young teenagers are the winners of an environmentalist contest. After a traumatic plane crash in the ocean, Semi, Arnie, and Miranda are the three only survivors. Taking refuge on an island, they do everything they can to survive on their own.

Detailed Review Summary of Dr. Franklin's Island by Ann Haram

Dr. Franklins Island is a very suspensfull book, and it is a very good page turner. When their is a plane crash in the middle of the ocean their are only 3 people who survive the crash. Dr Franklin is very scary and very manipultive of their minds. I like how they turn into the animals that they have always wished they could be.

10. Friendship is one of the themes of Dr. Franklin's Island. Semi and Miranda might never have become friends if not for the plane crash. And it isn't until their morale is at its lowest and they feel utterly defeated that they become true friends, rather than just allies. Talk about the way Semi and Miranda's relationship develops.
